A fresh summer trim for your fruit trees with Cramer

Cramer chainsaw 48CS18 is the perfect equipment for tree work in the summer.

Malmö 01/07/2022: Cramer's chainsaw 48CS18 makes trimming your trees with Cramer easier, more efficient and less strenuous. The Chainsaw has many features that will help you with your work. Stone fruit trees in particular need to be taken care of in summer to yield a more plentiful harvest and create a beautiful garden.

Experience a better harvest easily

Tree care season starts in October, but various kinds of fruit trees need to be pruned during summer – such as cherry trees, apricot trees and all kinds of stone fruit trees. By trimming them in early summer you will get a more plentiful harvest in the beginning of autumn and the branches will be healthier, thicker and stronger. With Cramer's chainsaw 48CS18 you are perfectly equipped for work on hot summer days. The chainsaw is completely battery-powered by Cramer's 48V battery – no more need to use tools with cables or petrol-powered tools so your tool usage is more economical and ergonomic. This means no emissions, no harmful fumes, less vibration and less noise, to make it easier to work in the heat. The powerful torque, large 36 cm blade, metal spikes and a chain speed of up to 20 m/s enables you to trim your trees easily and efficiently. The automatic chain oil creates smooth performance and gives your chainsaw a long life. All 48V batteries are compatible for the whole device series. Try it now and find your retailer for a more enjoyable summer in your garden: www.cramertools.com/gb/en/dealers.

About Cramer:

The Cramer brand is represented across Europe. It belongs to Globe Technologies, the market leader in the USA and the world-leading manufacturer of battery-powered tools and gardening equipment with over 5,000 employees worldwide. With more than 350 engineers, the company is continually developing new products in North America and Europe. In total, 96% of product components are made in the company's in-house production facilities, spanning more than 240,000 square metres. Cramer devices for gardening and landscaping use an efficient and innovative battery system and promise high performance for professional use. The Cramer product range delivers an impressively powerful, high-end battery system, ergonomic design, and sustainability – to benefit the environment and create a greener world.
